

# **Shaklee**® GET CLEAN™

## MIXTURE & USAGE GUIDE

-  **SAFE**
-  **GREEN**
-  **POWERFUL**

*“I clean with Basic-It<sup>®</sup> because I trust it and I save A LOT of money!”* Suzi—Suzi Does It! Residential Cleaning Company

**One Get Clean Kit for \$99 is equivalent to \$3400.00 of store bought products!**

**SAVE THOUSANDS** – Get Clean Products are super concentrated, saving you money—ounce for ounce! You spend more than \$3,400 on conventional, ready-to-use products from major name brands to get the same amount of clean you'll find in the Get Clean Starter Kit.

Based on comparing number of uses on labels of conventional, ready-to-use-cleaners)

## YOU CAN MAKE A DIFFERENCE

When you purchase the **Get Clean Starter Kit** instead of ready-to-use products that you probably use, it's nice to know you're actually making such a positive impact on the planet, as well as the health of your family and your budget:

Eliminate 108 pounds of packaging waste from landfills

Eliminate 248 pounds of greenhouse gas emissions

It's the equivalent of planting 10 trees

# All Get Clean Products Are:

## SAFE

 No Nitrates  
 Recyclable Wipes  
 No Phosphoric Acid

## How to Mix & Use Basic H<sup>2</sup> & Basic G (4 spray bottles and a bucket)

1. **Glass Cleaner** - for less than 1 cent per 16 oz bottle.
  - **Mix** only TWO drops in 16 oz spray bottle of water.  
 If smearing occurs mixture is TOO strong – add water to dilute.
  - In store Windex \$3.49 per 32 oz bottle. Mix yourself and **save** over \$3 on EVERY bottle.
2. **All Purpose Cleaner** - For less than 3 cents per 22 oz. bottle
  - **Mix** ¼ tsp in 16 oz spray bottle of water
  - In the Store Fantastik \$2.29 per 22 oz. Mix Yourself and **save** over \$2 on EVERY bottle.
3. **Degreaser** – For less than \$.33 per 22 oz. bottle
  - **Mix** only 1 ¼ tsp in 16 oz spray bottle of water– Spray, soak and rinse
  - In store Arm and Hammer Degreaser \$8.00 per 12 oz. bottle. Mix Yourself and **save** \$4.00 on EVERY bottle.
4. **Basic G** - For less and 2 cents for 12 oz bottle
  - **Mix** only 1 tsp in 16 oz spray bottle of water
  - 1 quart of Basic G makes over 450 bottles of antibacterial cleaner like Lysol at \$5.49/12 oz can or Chlorine Bleach
5. **Bucket – General cleaning with all purpose cleaner for bucket**
  - **Basic H<sup>2</sup> - Mix** ½ tsp in a quart of warm water. Clean doors, walls, woodwork, appliances, bathroom fixtures, tile, cars, trucks, and motor homes.
  - **Basic G - Mix** 1 Tbsp per gallon of water. Great wherever disinfectants are used. See Pg 8.

## 100% Money Back Guaranteed

## MORE OF THE USES OF BASIC H<sup>2</sup> & Other Get Clean Products

- Air Filters:** ¼ tsp to qt warm water. Filters are cleaned free of dirt, oil or chemical residue.
- Appliances:** Use ¼ tsp to pint of water. It leaves refrigerators odor-free and sanitary.
- Aquariums:** Use Basic H<sup>2</sup> mixture in bucket. Clean coral, rocks, inside and outside glass, air dry 20 minutes. Good for Fish, Reptiles, and all other precious caged pets.
- Baby Wipes:** Use ½ Roll White Paper Towels (Bounty works well), 1 tsp Basic H<sup>2</sup>, 1 Tbsp Creamy Baby Oil, 2 Cups Water. Tear off sheets of paper towel and fold into squares. Place these in an empty diaper wipe container or even a zip lock bag. Mix ingredients and pour over the towels. Only make up an amount that you will use quickly so that you don't risk bacterial growth.
- Barbecue Grill:** Using Basic H<sup>2</sup> Degreaser spray generously on grill. Let stand 20 minute and then scrub and rinse. It even works in cold stream water and because it's organic and biodegradable it won't harm the fish.
- Base Boards:** Use all purpose Basic H<sup>2</sup> cleaner or Degreaser, spray and wipe.
- Bathroom Disinfectant:** Use Basic G in toilets, garbage & diaper pails, appliances.
- Bathroom Fixtures:** Use all purpose spray, scrub and buff up. If there are water deposits on fixtures use ScourOff with blue non abrasive sponge to lightly scrub, then rinse and buff dry to shine.
- Bathtubs:** ½ tsp per bathtub and no more ring around tub.
- Burned Pans:** Use Basic H<sup>2</sup> Degreaser spray, soak if needed, scrub, rinse. Use ScourOff if needed.
- Burns:** Dab full concentrate Basic H<sup>2</sup> on the burned area (balances out pH and no sting).
- Cars:** Using 1 ½ tsp of Basic H<sup>2</sup> in bucket/pail with water. Cleans it ALL!
- CD, DVD and Records:** Use glass solution (1-2 drops in 16oz bottle of water). Clean with soft, dry cloth. It leaves no residual magnetism.
- Coffeemakers:** Dilute 1/8 tsp. Basic H<sup>2</sup> in pot of water. Run cycle & stains will rinse away.
- Concrete and Mortar Mix:** Use ½ oz to a gallon of water. Makes cement and mortar spread easier and smoother, set harder.
- Crayon:** Use full strength Basic H<sup>2</sup> All Purpose to remove from walls and/or ScourOff.
- Cups:** Coffee and tea stains—use full strength Basic H<sup>2</sup> on cloth and wipe inside of cup.
- Diaper Pails:** Mix 1 Tbsp of Basic G to one gallon of water, wash and rinse.
- Disinfectant:** Basic G and Wipes.
- Dishes:** Use ½ teaspoon in the dishpan. Fill dirty pans with water, add ½ tsp Basic H<sup>2</sup> and let stand to loosen stuck particles.
- Dishwasher (Automatic)** Use Shaklee Dishwasher Concentrate.
- Dry Erase Board:** Use Degreaser and ScourOff.
- Dusting:** ¼ tsp in pint of water, squeeze sponge almost dry (or spray on). Dry with clean cloth. Leaves wax finish bright & dust repellent, less dusting required. OR use Basic H<sup>2</sup> wipes.
- Fabric Hand Washables: Woolens, Silks, Nylons, All Fine Fabrics**—Use ½ tsp to basin of water. For spots, apply a drop or two directly on the spot and press in with thumb. Immerse garment in cold water solution of 1 tsp per gallon of water, let stand a few minutes, then rinse by squeezing water through and laying out to dry. Panty hose and nylons stay soft and pliable. Other synthetics won't yellow either.

## MORE OF THE USES OF BASIC H<sup>2</sup> & Other Get Clean Products continued...

**Fabric Whitener:** Get Clean Nature Bright – A bleacher without bleach.

**Floors:** 1 Tbsp per gal water. Leaves floors shining.

**Fruits & Vegetables:** Use ¼ tsp Basic H<sup>2</sup> in pint of water (spray bottle) or basin. Wash & rinse immediately. Helps remove spray residue, dirt, waxes, and grit from leafy vegetables.

**Frying Vats:** Use ½ cup to 3 gallons of water. Boil for 5 minute, stirring constantly. Dissipates stubborn crusts without damage to vats.

**Garbage Cans:** Mix 1 Tbsp of Basic G to one gallon of water. Let soak, scrub and rinse.

**Germicide:** Basic G concentrated Germicide in 1 quart makes over 600 16 oz bottles of antibacterial cleaner like Lysol. Tough on germs, gentle on the Earth.

**Glass/All types (Window Cleaner):** Mix only 2 drops in 16 oz bottle. If smearing occurs mixture is too strong—add water to dilute.

**Granite:** Use all purpose Basic H<sup>2</sup>, spray and wipe. (Once a quarter use store bought sealer)

**Grease:** Use the Shaklee Degreaser spray bottle. Spray, wait, scrub, rinse.

**Gum:** Use full strength Basic H<sup>2</sup> to remove gum from skin, hair, carpets.

- Hands:**
1. **Greasy** - Place a few drops of Basic H<sup>2</sup> in palms of greasy hands, add a little water and wash as usual. Grease, grime and dirt disappear.
  2. **Odors/Protecting** - Apply at full strength to hands for lasting protection as an industrial skin guard. It is great as invisible gloves before painting or working on autos. It will remove tobacco stains, onion and garlic odors on your hands.

**Hand Washables: (Woolens, Silks, Nylons, all fine fabrics)** ½ tsp in a basin lukewarm water. For spots, apply a drop or two directly on spot and press in with thumb. Soak garment in cold water solution of 1 tsp per gallon of water, let stand a few minutes, then rinse by squeezing water through and laying out to dry.

**Hand Soap:** One pump only of Shaklee Hand Wash Concentrate.

**Hard Water Spots:** Using non-abrasive sponge and sour off, gently scrub in circular motion, rinse and buff.

**Humidifiers:** Use 1 to 2 drops of Basic H<sup>2</sup> in humidifier water to help prevent rust and scum.

**Ironing:** A few drops in steam iron keeps the jets & interior clean.

**Kitchen:** Use Basic G Disinfectant and spray on cutting boards (where chicken & meats are cut) to kill Salmonella. Spray and wipe on faucets knobs and cabinet handles.

**Knives:** Use a few drops on cutting stone for sharpening knives. Keep moist and add Basic H<sup>2</sup> as needed. Doesn't clog stone – very important when sharpening tools. Stone rinses free of residue.

**Labels:** Using 1 to 2 drops of full strength Basic H<sup>2</sup> on label, let set 5-10 minutes and rinse, Remove and reapply if label is stubborn.

**Liquid Hand Cleaner:** Mix 1 part Basic H<sup>2</sup> to 3 parts water in pump dispenser by sinks. Will not dry or irritate hands like soaps. Moistens, softens & protects hands!

**Mildew/Mold:** Spray Basic G (Germicide) on area, wait 20 minutes, scrub, rinse.

**Mirrors:** Use Shaklee Basic H<sup>2</sup> Window Cleaner Bottle.

**Ovens:** Use Degreaser, let stand 20 minutes and rinse. Use ScourOff when needed.

**Painting:** Apply full strength to hands before painting or dyeing. Paint or dye will wash off easily. Be careful not to get Basic H<sup>2</sup> in eyes.

## MORE OF THE USES OF BASIC H<sup>2</sup> & Other Get Clean Products continued...

- Pets:** Use Basic G—spray on carpets and vacuum to eliminate odor. Kills several animal viruses, including Canine Parvovirus and Feline Leukemia.
- Pots and Pans:** Fill basin with ¼ tsp of Basic H<sup>2</sup>. Scrub, rinse, dry. Use a few drops in water to soak casserole dishes or soiled pots and pans for easier cleaning.
- Plumbing:** Will keep pipes open, clean & free-running when used regularly. It emulsifies grease and can eliminate cleaning of grease traps.
- Protecting Hands:** Apply Basic H<sup>2</sup> full strength to hands & allow to dry for lasting protection - an *"invisible glove"* for painting or messy chores.
- Pressure Washer:** ½ oz Basic H<sup>2</sup> to 20 gallons water. Heavy Duty – use 1 or 2 oz per gallon water. Leaves a luster to homes, R.V.'s etc.
- Rust Remover:** Use Nature Brite and make into paste, spread generously, rinse with Degreaser. Use Scour Off when needed.
- Scour Off Cleaning:** Replaces Comet, Bar Keepers, Ajax cleaners. Saves \$, lasts twice as long.
- Scuff Marks on Shoes:** Use Degreaser and ScourOff, wipe off, buff.
- Septic System:** Basic H<sup>2</sup> does not hinder bacterial action of Septic Tanks or cesspools.
- Shoe Cleaner:** Use 1 drop on a wet cloth. It will not remove wax. Shine with dry cloth.
- Showers:** Using Basic H<sup>2</sup> spray and scrub, rinse, and buff dry. Use ScourOff for all soap scum.
- Sinks:** Use Basic H<sup>2</sup> all purpose cleaner and ScourOff for all stains. Scrub and rinse.
- Spot remover:** Apply Basic H<sup>2</sup> directly on spotted area. Use a toothbrush or finger to rub Basic H<sup>2</sup> directly on spotted area. Wipe off with damp cloth or rinse in basin of water (Coffee, lipstick, ink, grass, etc.). If needed use Nature Bright Paste (see pg 9).
- Static Cling:** Use Shaklee dryer sheets spray a little fabric concentrate on garment and swipe down with hands.
- Swimming pool deck:** 1 Tbsp of Basic G in 1 gallon of water, apply twice weekly, kills bacteria and prevents infections.
- Tile:** Use all purpose Basic H<sup>2</sup> – if mold/mildew, use Basic G.
- Tires/Whitewalls:** Spray Degreaser on tire area/whitewalls, scrub and rinse. Use ScourOff or Nature Brite paste as needed.
- Toilet:** Basic G (Germicide), place two drops in toilet, scrub, flush. (For a heavy stains, try Scour Off on sponge, scrub, flush).
- Toilet Tank:** Place a small amount of Basic G in the toilet tank, full strength or diluted. Basic G cleans with biodegradable agents while it disinfects.
- Vegetable Spray:** Fill sink with ¼ tsp of Basic H<sup>2</sup>. Soak and rinse.
- Wallpaper:** Excellent for removing wallpaper. ½ Tbsp per gallon of water. Soak wallpaper with sponge & peel or scrape.
- Windows (Indoors):** Use Shaklee Window spray bottle. If it smears you've added too much Basic H<sup>2</sup>
- (Outdoors):** ½ tsp in "Ortho-type" sprayer filled with water. Makes 2 gallons of solution for windows & screens, squeegee dry.
- (Spray Snow or Poster Paint):** Remove it with ¼ tsp to quart of warm water.
- Wrinkles (All Clothing):** Spray all purpose and swipe the your hand.

## Automotive — Basic H<sup>2</sup>

**Battery Terminals:** Use ¼ Tbsp to pint of water. Spray on battery terminals, let soak for 2 minutes and clean with wire brush. Use full strength Basic H<sup>2</sup> on battery terminals to avoid corrosion or galvanic action.

**Engines:** Use ½ oz to 1 gallon water to clean engine. It will not affect paint, gaskets, or insulating material. Best results can be achieved when the engine is hot for fastest drying of the ignition.

**Radiator:** Use ½ Tbsp to radiator full of water or anti-freeze. This prevents rust.

**Washing:** Use ½ Tbsp to gallon of water. Wash small area at a time and hose off. Wiping dry is not necessary. Wipe windshield, windows, and chrome with paper towels after rinsing. Bugs and road grime float away.

**Windshield Washer Fluid:** Add 4 drops to each quart of windshield washing fluid in reservoir. This solution will now remove road oil and salt film. Add 16 drops to a gallon of commercial solution before putting in fluid reservoir.

## Boating & Camping — Basic H<sup>2</sup>

**Boat Algae:** ½ Tbsp Basic H<sup>2</sup> per gallon of water.

**Bug Repellent:** Rub Basic H<sup>2</sup> on neck, arms, hands and face. Flies, Mosquitoes, Chiggers & Fleas will not bite where Basic H<sup>2</sup> has been applied.

**Cleaning & Washing:** Coat bottoms & sides of pots & pans with Basic H<sup>2</sup> before placing over campfire. Black soot just slides right off when you wash. Basic H<sup>2</sup> is all you need to take for dishwashing, bathing, shampooing & laundry. It even works in cold stream water & because it's organic & Biodegradable it won't harm fish, vegetation or wildlife!

**Fish Odors:** ½ Tbsp Basic H<sup>2</sup> per quart of water. Basic H<sup>2</sup> works wonders around boats, docks, and other 'fishy' places.

**Wash your R.V., Boat & Camper:** ½ Tbsp per gallon of water. Great for awnings too.

## Gardening & Plant Care— Basic H<sup>2</sup>

**Greener Lawns:** 1 Tbsp. In "Ortho-type" sprayer applicator full of water. Makes 2 gallons of Basic H<sup>2</sup> solution. Irrigate Immediately.

**House Plants:** 2 drops in a gallon of water. Water plants & they will flourish. Use to wipe down leaves – cleans and shines!

**Recycling Tip:** Dispose of used Basic H<sup>2</sup> cleaning solution on your shrubs or lawn – for greener & healthier yard.

**Rose Bushes:** ½ tsp. per gallon of water. Spraying rose bushes will protect them from red spider mites & other infestations & diseases.

## Great for Horses — Basic H<sup>2</sup> & Basic G

**Clean Up:** Basic H<sup>2</sup> is used to wash tack, spray ½ Tbsp to 1 gallon of water.

**Fly Spray:** 2 oz Basic H<sup>2</sup> + 14 oz water in 16 oz spray bottle. Great for Cows too. For all your 4H animals. Shiny Coats! "Repel X" and "Swat" over \$10 qt. Basic H<sup>2</sup> only \$1 qt.

**Horse Stable Area:** 1 Tbsp Basic G in 1 gallon water. Spray daily.

**Shampooing Horses:** 1 Tbsp Basic H<sup>2</sup> in 5 gallons of water.

## Pesticide — Basic H<sup>2</sup> & Basic G

**Bug Repellent:** Rub Basic H<sup>2</sup> full strength on neck, arms, hands and face. Flies, Mosquitoes, Chiggers and Fleas will not bite where Basic H<sup>2</sup> has been applied. Keep out of pets eyes.

**Fleas Inside:** Mix ½ tsp. Basic H<sup>2</sup> in 16 ounces of water, spray floors, baseboards, etc.

**Mosquito Bites:** Dab with Basic H<sup>2</sup>, it will help stop the itch.

**Yard Spray to Rid of Fleas:** In hose spray bottle, fill with water, add 1 capful of Basic H<sup>2</sup> & 1 capful of Basic G. Spray yard every 10 days for 3 applications. Use twice a year thereafter to control. Rinse off plants thoroughly.

## Pet Uses — Basic H<sup>2</sup>

SAFE FOR MOST ANIMALS – KEEP OUT OF EYES – DO NOT USE ON CATS

**Flea Dip & Shampoo:** A one step process - Apply Basic H<sup>2</sup> half strength to your dog. Low Suds, Great Action. Lather Pet & wait 5 to 10 minutes – Rinse Off.

**Keep Fleas OFF:** Use full strength in a Basic H<sup>2</sup> spray bottle – Mist dog before letting outside. Helps repel fleas!

**Regular Shampooing:** ¼ Tbsp of Basic H<sup>2</sup> to gallon of water. Makes coats shiny & healthy.

**Viruses: Basic G** Kills animal viruses, including Canine Parvovirus & Feline Leukemia.

4. Diaper Pails—"soak" solution
5. Garbage cans, telephones, fishing boxes, etc.
6. Refrigerators and freezers
7. Killing infectious bacteria
8. Pet Owners—Kills canine parvovirus and feline leukemia

## Instructions for a Self-Cleaning Bathroom

This is a one-time-a-year procedure! Once you have completed this over all clean up, you can sit back, relax, and never have to do this big job again.

1. **To get rid of build-up of soap residue in showers, on tiles, bathtubs, sinks, etc.** Use a wet Shaklee Miracle pad with Shaklee's [ScourOff](#) and plenty of water. Rub or brush gently. Rinse with clear water. Wipe down with a solution of 1 Tbsp [Basic G](#) per 1 gallon of water to kill mildew. If mildew is lodged in grouting or seams, brush with full strength [Basic G](#), let set one hour, then rinse. Need more brightening/whitening? Make a paste using Shaklee's [Nature Bright](#) and [ScourOff](#), brush on, let set, rinse.
2. **To get rid of film on mirrors and windows.** Mix 2-4 drops of [Basic H<sup>2</sup>](#) in 16 oz. water in a spray bottle. If you have been using other glass cleaners, you may get streaks until the oil residue they leave is cleaned off with the new [Basic H<sup>2</sup>](#) solution. Be sure you use only drops when mixing. This works great for dusting. Spray on your dust rag and dust even your best wood furniture.
3. **To Disinfect.** Mix ½ tsp [Basic G](#) in 16 oz water in a spray bottle. Use this to wipe the outside of garbage pails, diaper pails, bathroom vanity, kitchen sinks, toilet, etc. For best results, let sit for 10 minutes. It's a great deodorizer as well as a disinfectant. Spray throughout the house to kill viruses, etc.
4. **To minimize clean-up in the sink area.** Once soap residue is removed with [ScourOff](#), use Shaklee's [Meadow Clean Bar Soap](#) or [Get Clean Hand Wash](#) from now on to not only to get your hands clean, but to leave no film. It is effectively gentle on your skin.
5. **Bath Tubs.** Using [Basic H<sup>2</sup>](#) — ½ tsp to water, gets the ring out. You can safely take a luxurious bath with this product and once you step out, when the water leaves so does the ring.
6. **To eliminate any cleaning in shower—on walls or doors —from spots.** After soap residue is removed, use only SHAKLEE products because they can't leave film or spots. You can bathe with Shaklee's [Meadow Blend Bar](#), [Shaklee Baby Gentle Wash](#), [Enfuselle Shower Gel](#), [Basic H<sup>2</sup>](#), or yes even [Dish Wash Concentrate](#). Your skin will feel great since these plant based products are soap free, effective, and totally safe. When you use only SHAKLEE [ProSante' Shampoo and Conditioner](#), there will be no ugly residue collecting in your tub, shower, tile or glass walls. Isn't that exciting?

## Stories on Favorite Shaklee Cleaning Mixtures

### Infants

Our baby was having a reaction to cleaners used on his bed sheets and clothes. His mom was not asking about nutrition, she just happened to start using our Get Clean non-toxic household cleaners and realized after a week the baby was sleeping and not getting rashes. **Sandy**

### Depression & ADHD

I researched the effects of chemicals in household cleaning products on children. WOW were my eyes opened! We went completely chemical free and started to clean and launder with only Shaklee products, a rash on my sons face disappeared, ALL of our sinus infections cleared up, best of all, my 7 year-old was taking medication for depression and ADHD and has calmed down a great deal. **Catrina**

### My Joints Stopped Hurting

Within two weeks of using Shaklee cleaning products my joints didn't hurt anymore and my breathing issues and headaches were gone and I sleep better. Basic H<sup>2</sup> replaced 10 of my store bought cleaning products. **Bev**

### Nature Bright & Blueberry Stains

My husband dropped his blueberry protein shake on my cream colored carpet. We used water soaked towels and **Basic H<sup>2</sup>**. There were still huge stains left. Hearing about **Nature Bright** and its stain removal powers, I dissolved 4 Tbsp in 6 cups of hot water and started scrubbing the spots with a wet towel. All the dark blue stains came out. It's a miracle worker! **Lela.**

### Sink Stains & Marks Gone

When the bottom of my white porcelain sink gets discolored, I put a couple of inches of hot water in the bottom and add 3-4 Tbsp of **Nature Bright**, swirl to dissolve. Come back in a couple of hours, drain and rinse. You have the brightest sinks around. **Jan.**

### Rash Helped with Shaklee Laundry

After my surgery, I broke out in a rash that wouldn't go away. The doctor thought after looking at tests that it may be my soap that I was using to bathe and wash clothes with. So, in my last Shaklee order I purchased **Get Clean Fresh Laundry Concentrate**, a non-perfumed, powdered laundry detergent. I've washed 5 loads, including sheets and pillowcases and the rash has just about disappeared! Just a small trace on my arms, and this will be gone by the time you read this! **Gloria.**

### Quick Floor Cleaner

I used Swifter Wet clothes, but I didn't like the chemical smell. Now I dip a washcloth in water with **Basic H<sup>2</sup>**, wring it out and attach it to my swifter. I quickly get up muddy paw prints with no offensive smell. **E.**

### Get Rid of Soap Build Up

Use a wet miracle pad with **ScourOff Heavy Duty Paste** and warm water. Scrub in circles and enjoy the fragrance. Rinse with clean water. Wipe down with a solution of 1 Tbsp of **Basic G** per gallon of water to kill mildew. If mildew is lodged in grout or seams, brush with full strength **Basic G**, let set, rinse. **Marte**

### Removing Labels

I continue to be amazed by Shaklee products after many years! I was removing price stickers from glass picture frames. I moistened the sticker with a drop of **Basic H<sup>2</sup>** and I put a small amount of **ScourOff Heavy Duty Paste** on a wet cloth and rubbed the sticker. All of the paper and glue came off instantly. **Lori.**
