

# 2021 Global Goals Sheet

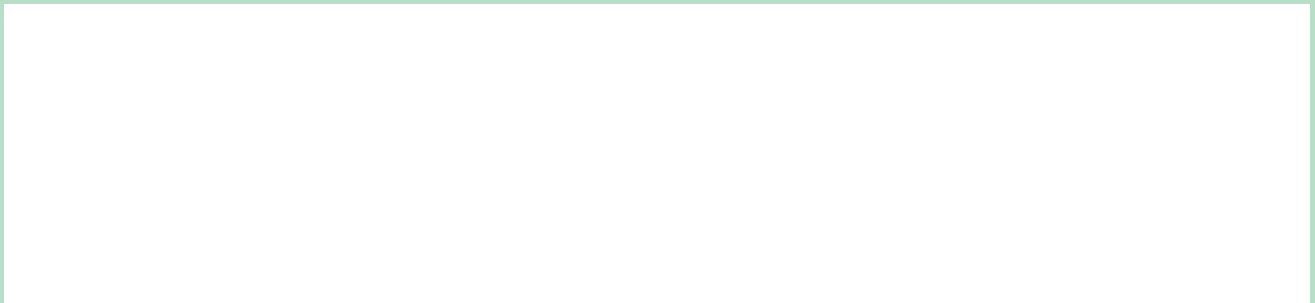

What is your vision for what your Shaklee business can accomplish? In a few months, year, five years, more? Why is that important to you? (Don't rush through this. It matters)

What goals in my business do I need to achieve this vision? Are they SMARTER?

What changes do I need to make in how I spend my time to achieve these goals?

How do I align my WORK to fit these goals? What areas do I need to focus on and work harder to make sure I am set up for success?
